WHAT'S NEW

About 2018

In 1996 we re-booted an old 12th century brewing tradition in Weymouth Harbour, and in 2011 we upgraded to a state-of-the-art spring water fed brewhouse on the Jurassic coast, capable of crafting 1.5 million pints a year.

2018 - The Jurassic Brewhouse is to kick off our much awaited onsite taproom and pickup merchandise service. We'll also be providing frequent brewery tours for all those holiday makers liking to witness the process.

We have included our historical limited editions for selection in 2018. To add to our Jurassic and Jurassic Dark cans we will see an increase in more diverse beers in our range later in the year.

We love craft keg, expect to see these on your bar tops across the country.

join us, follow us tweet: dbcales.com.

Put some craft in your belly!!
